

Testimonials

23rd March 2016

We wish to express our gratitude to Stars Builder Pte Ltd for completing all tasks at FURAMA ANNEX BUILDING in a swift manner. They are lean and agile, good in coordination and at times, gave alternative proposals.

They have completed our project at a competitive price including additional works tasked to them.

After completion of project, we invited them for smaller new works and competitive pricing were quoted and works were awarded to them.

Their effort is commendable and we recommend them for any builder works.

Yours Truly,

Ronnie Hiang
Project Manager
